# ISA Membership Benefits

## Programs

Discover how members connect and share through technical forums, leadership opportunities and more.

ISA Connect  
Technical Forum

Geographic  
Sections

Technical  
Divisions

Career Center

## Standards

As an ISA member, access over 150 standards that reflect the expertise of industry leaders from around the world!

Access industry  
standards

Discount  
on purchases

Search  
by topic

Join a  
committee

## Publications

Members get the latest information on technology development, applications, trends, and standards within the automation industry through ISA publications and technical resources.

ISA  
Transactions

20% discount  
on books

Industry  
updates

Industry magazine  
subscription

## Education

ISA members receive the latest in education and industry trends through training programs, certification courses, and industry events.

Conferences,  
webinars, and more

In-person  
or virtual

Event registration  
discount

Certifications  
and courses

## Membership Dues

### Professional\*

- 1-year: 130 USD
- 2-year: 245 USD
- 3-year: 340 USD

### Student Member

- 10 USD Annually
- Upgrade to professional member free for one year after graduation!

\*Reduced dues eligible in some countries.

# ISA EDMONTON SECTION

## 2022-2023 PRESIDENT'S MESSAGE

I'm lucky enough to land my presidency post pandemic as I think we're all suffering from a severe case of virtual burnout. This gives me a unique opportunity to reinforce why ISA matters to me - the people. This time around, let's not underestimate the value of attending events in person.

Kicking off with our inaugural Industry Advisory Council Meeting in September and building from here... stay tuned for more information about upcoming Technical Talks & Tours. The climax? AEC 2023 - step back in!

In addition, I'd like to highlight that Marty Bince, a past ISA Edmonton board member and current ISA Calgary board member, is the 2023 ISA HQ President starting in January.

Finally, a big thank you to our sponsors, our volunteer board and our members.

Do you want to get involved or have ideas on how we can improve our Section?

Let's chat.

# 2022 – 2023 EDMONTON BOARD MEMBERS

# ISA CALGARY SECTION

## 2022-2023 PRESIDENT'S MESSAGE

On behalf of the ISA Calgary Section, I would like to welcome you to the 29th Edition of the ISA Alberta Automation Directory Technical Handbook for 2022–2023.

The ISA Alberta Directory of Automation is both in-print and online. It is a comprehensive resource for finding instrumentation, systems and automation suppliers serving the Alberta market.

Key features of the customized and interactive website include:

- Expanded Supplier Profiles
- Advanced Search Features
- News, Announcements, Feature Companies and Feature Products
- Responsive Web Site Design

I would like to acknowledge and take a moment to thank all ISA members for supporting local sections. As well, if you are interested in becoming an ISA member, I encourage you reach out to one of our board members and ask questions regarding ISA specifications and standards, ISA publications, ISA web seminars and training, industry networking events, and local section technical programs.

Our primary means of communicating to our members are through the following platforms:

“Trend”, our e-newsletter – includes events planned for this year and other features like photos from recent events, recognition of new members, and upcoming education courses. The ISA Calgary Section will continue to publish the monthly “Trend” from September to June.

ISA Calgary Section webpage – includes local event schedules and registration, industry news and website links, access to this directory, and our contact information.

ISA Calgary Section LinkedIn – latest news and updates on past, current, and upcoming events.

We hope you find this directory resourceful! Please contact your local section executives if you would like to provide feedback on the directory or any other matters related to ISA. New volunteers are always welcome!

On that note, special thanks to all our current volunteers, members, and corporations that help make the ISA Calgary Section a success. I look forward to seeing many familiar faces, as well as some new ones at our events this coming year!

Jasmeen Virk  
President – ISA Calgary Section

# We don't create the demand. We meet it.

Aircom is a company that believes meeting industry demands first requires relationships, trust, and a sense of urgency. We meet that demand with a system we call **The Aircom Way**. The result is a flexible approach that is executed by a team of dedicated problem solvers who are driven to excel.

## PRODUCTS UNIQUE TO AIRCOM

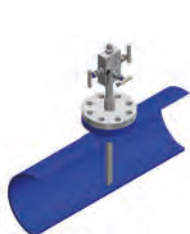

- BTB Thermocouple (Tube metal temperature) Thermocouples
- Pipe Shoe Riser
- Break-To-Length RTDs & Thermocouples
- PT (Pressure/Temperature) Thermowells
- Reactor Multipoint Temperature
- Tank Gauging Multi-Point RTD Sensor
- Instrument Valves & Manifolds
- StrakeWell™ & StrakeQuill™

## MANUFACTURED PRODUCTS

- Thermocouple & RTD sensors manufactured to standard or custom specifications
- Hazardous location (CSA) approved temperature sensor assemblies
- Thermowells and protection tubes (CRN Available)
- Injection quills & sample probes (CRN Available)
- Multi-point temperature sensors
- Downhole temperature sensors
- Condensate pots and sample cylinders
- Bleed & flush rings
- Stilling well and level chambers

### Looking to Reduce your Methane Venting? We have Solutions!

#### ELIMINATOR Solar Air Compressor

- Class 1 Div. 1, 12/24v DC or 120 VAC
- Produces 60SCFH @ 30psi. Uses 48Watts/Hr. @ 20% duty
- Oil less and maintenance free design. 100% duty cycle
- Class 1 Div. 1 controller with integrated metering
- 100% contained compressor - Contaminant free air

#### ELIMINATOR Solar Chemical Pump

- Class 1 Div. 1 - Completely self-contained
- Injection rate - 0.1L/Day to 140L/Day
- Injection pressure up to 3000psi
- Accurate to 3ml or less
- Ability to retrofit existing pumps to minimize costs when upgrading equipment

### Need Composite Sampling?

#### TOP CUT Proportional Samplers

Daily and monthly pressurized samples for well and pipeline product quality analysis.

- TC-100 -24hrs well test sampling 2000ml sample Jug
- TC-200 -24hrs or monthly LACT sampling with a 15psi sample canister (solar/electric drive options)
- TC-300 -24hrs or monthly high-pressure sampling with a 1800psi sample cylinder (solar/electric drive options)

#### TOP CUT Proportional Sampler Accessories

- Static Mixer (Flanged/Threaded)
- Sample Quill
- Inline Sample Probe

# PROCESS INSTRUMENTATION & CONTROLS

www.cbprocess.ca • info@cbprocess.ca • 1.800.992.2364

#### ANALYTICAL

Our expertise in analytical solutions will help you determine the appropriate solution for your application, including Liquid Analytical and Continuous Gas monitoring systems.

#### SAFETY & SECURITY

Local experts for everything from Wireless Asset Software, Portable Gas Detection, Fixed Gas Detection, Flame Detection, Controllers, to Leak Detection.

#### RADIOMETRIC

Combined with our RSO trained Service Technicians, we provide Nuclear Level Measurement and Point Level Detection, as well as Density, and Multiphase measurement solutions.

#### COMPRESSED AIR

We represent top-of-the-line NG, Oil-Free, Piston, Rotary and Vacuum Compressors. We also provide Air Treatment, Leak Detection, and Efficiency Quotient services.

#### AUTOMATION

Our automation solutions include Terminal Management, Flow Computers, RTU Packages, Controls and Distributed I/O, Conversion to Isolation, and Functional Safety.

#### VALVES & ACTUATION

We will equip your process with world class Valve and Actuation solutions. Our offerings encompass a full portfolio for control, throttling, isolation, and specialty applications, both in linear and rotary designs.

#### HEATING & THERMAL

We are focused on providing pre-packaged and complete combustion products, controls, and heating management systems. Delivering safe, compliant, and efficient thermal processes from commercial to industrial divisions.

#### FIELD INSTRUMENTS

Instrumentation is our forte. We supply Pressure, Temperature, Flow Measurement, and Level Measurement products for various process conditions.

## Optimizing Systems for an Efficient Future

#### OIL & GAS

#### NGL & LNG

#### PETROCHEMICAL

#### MINING

#### POWER

#### PULP & PAPER

**"Your Flow Technology Experts"**

	Variable area flow meters, Coriolis mass flow, thermal mass flow and pressure control technologies (pressure transmitters and more) to improve your critical processes.
	The premier pinch valves (1"-40") for abrasive or aggressive media. Heavy duty & general line pinch valves. Low maintenance elastomer check valves.
	Peristaltic pumps for pumping slurries, dry or aggressive media from 0-440 GPM. High efficiency PC pumps. Metering pumps with outstanding turndown.
	Key Instruments delivers that combination in our versatile line of plastic variable area oxygen flow meters. Durability is the result of precision-machined, acrylic-body blocks that can handle demanding projects and mounting panels.
	Designs, develops and manufactures valves, actuators and valve control products. Manual and actuated ball valves & butterfly valves. Positioners, solenoid valves & limit switches.
	Clamp-on ultrasonic flow meters, clamp-on BTU Meters for energy, clamp-on doppler flow meters, non-invasive, no interruption to process & no downtime, wide range of portable & permanent meters for any liquid.
	Electronic grease meters. Pneumatic 1:6, 1:5, 1.65 grease pumps. Automated, centralized dual line lubrication systems.
	Positive Displacement Oval Gear Flow Meters, Retractable Hose Reels and Grease / Oil / Fuel Fluid Handling Products for the Petrochemical, agriculture, automotive, chemical, industrial, general process, marine, & mining industries.

# COMMITTED TO PROVIDING UNSURPASSED CUSTOMER SERVICE AND SUPERIOR PRODUCTS FOR DETECTION, MEASUREMENT AND CONTROL

PROCON is proud to be affiliated with some of the world's most recognized names in detection, measurement and control. Together, we have been meeting the demanding needs of customers around the globe. If your life or business depends on precise measurement and control, or accurate detection of potentially hazardous workplace atmospheres, you can rely on the precision instrumentation and expertise of PROCON.

## Flow Products

Venturi meters, flow nozzles, segmental wedge Venturi meters.

Mass flow meters; single point, in-line and multi-point insertion elements; portable air velocity meters; flow control valves for use with air, industrial gases, flue and ultrapure gases.

Signature process transit-time ultrasonic flow meters for liquids, flare, gas and steam using wetted or clamp-on transducers; multi-chord ultrasonic liquid meters for high accuracy, wide ranging viscosity/high availability applications.

Omega tube Coriolis mass meters, 1/2" to 12 sizes, process temperatures to 350°C.

Magnetic flow meters for water, wastewater and slurry applications.

Multipath ultrasonic gas flow meters utilizing a patented Broadband Continuous Wave signal processing technique. The 3 path meter is ideal for difficult process applications where fast, accurate and reliable performance is required. The 4 path AGA-9 and OIML R137 compliant fiscal meters provide the same reliability and fast response with custody transfer accuracy and repeatability.

Precision multivariable insertion, wafer, and flanged Vortex flow meters for liquid, gas, steam and energy service. Multivariable insertion turbine flow meters for liquid, gas, and steam service. Portable and fixed installation clamp-on "transit time" ultrasonic flowmeters for liquid applications. Handles pipe sizes from 10 mm to 5 meters.

## Measurement & Analytical Products

Industrial and lab chilled mirror dewpoint analyzers and transmitters. Process oxygen Transmitters and sample conditioning systems.

Field proven industrial analytical solutions for water industries.

Oil-on-water sheen monitoring systems, oil thickness monitoring, wireless oil spill detection systems.

Fiscal densitometers for liquids.

Moisture analyzer sample conditioning systems with CRN's, moisture sensor calibration; pressure, temperature, electrical calibrations.

Ultrasonic density and concentration analyzer systems.

Industrial aluminum oxide dewpoint analyzers, transmitters, portables and sample conditioning systems.

## Intrinsic Safety

Single and dual channel intrinsic safety barriers and isolators, Zone 1 hazardous area Remote I/O Systems.

## Gas & Optical Flame Detection Products

UV, UV/IR, Multispectrum IR5 infrared flame detectors featuring patented fire event analysis.

Fixed gas detection transmitters and controllers for the monitoring of combustible and toxic gases. Rig Protector 4 portable area monitoring systems for toxic, oxygen and combustible gases.

Fixed gas detection transmitters and controllers for the monitoring of combustible and toxic gases.

## Sampling and Mixing Products

Static mixers to maximize contact and minimize variance; steam heaters and desuperheaters.

Gas and liquid samplers; crude oil samplers; constant pressure sample cylinders (Transport Canada approved); probe regulators; analyzer accessories; sample probes.

## Rotating Equipment Controls

Turbomachinery control solutions; anti-surge and load sharing; steam turbine speed and extraction control; API 670 compliant over-speed prevention.

## Flow Computers

Natural gas and liquid flow computers from 1 to 32 runs.

## Asset Integrity Monitoring

Real time remote corrosion/erosion monitoring systems for piping systems and vessels.

## Alarm Annunciation Products

Fully programmable alarm annunciators; stand-alone alarm systems; signal conditioners; display fascias.

# SRP control systems Ltd.

Providing Instrumentation & Calibration Instruments since 1980

**We Also Offer A  
Full Range Of Repair &  
Calibration Services**

**AN ISO  
9001:2015  
REGISTERED  
COMPANY**

**ISO 17025:2017  
ACCREDITED  
LABORATORY**

## **PMC Engineering VL2000 Series Wastewater Level Transmitters**

- ♦ Range: 0-300 PSI
- ♦ Accuracy:  $\pm 0.1\%$  FS (BSL) or  $\pm 0.25\%$  FS (BSL)
- ♦ Operating Temperature Range:  $-20^{\circ}$  to  $80^{\circ}$  C
- ♦ Electrical: 2-Wire, 4-20mA, 10-35 VDC Power
- ♦ FMC Intrinsically Safe
- ♦ Cable: Polyurethane Molded, Vented with Kevlar, 4 Conductors, or FEP
- ♦ Housing Material: 316SS or Titanium 5-year Corrosion Warranty

## **Unimeasure HX-P420 Series Linear Position Transducers**

- ♦ Operating Temperature:  $-40^{\circ}$ C to  $95^{\circ}$ C
- ♦ Measurement Ranges: 0 to 2000 inches
- ♦ Analog Output: 4-20mA
- ♦ cUL Intrinsically Safe

## **PMC Engineering VL4500 Series Submersible Transmitters**

- ♦ Range: 0-300 PSI
- ♦ Accuracy:  $\pm 0.1\%$  FS (BSL) or  $\pm 0.25\%$  FS (BSL)
- ♦ Operating Temperature Range:  $-20^{\circ}$  to  $80^{\circ}$ C
- ♦ 2-Wire, 4-20mA, 10-35 VDC Power
- ♦ 0.725" Diameter Welded Titanium
- ♦ Molded Polyurethane Cable
- ♦ 5-year Corrosion Warranty

## **Additel 227 Multifunction Process Calibrator**

- ♦ Sourcing, simulating & measuring pressure, temperature & electrical signals
- ♦ Built-in full Hart Communicator (ADT227-HART)
- ♦ Intrinsically Safe models available (Ex)
- ♦ IP67 Rated
- ♦ High Voltage Measurement Capability ( $\pm 300$ V AC)
- ♦ Dual channel pressure module ports

# Minimize the Costs of Fugitive Emissions with Low-Emission Valves

Whether you are designing new systems, or seeking to improve your LDAR program, Swagelok offers a wide range of low-emission certified valves, including process, instrument, ball, needle, rising plug, and bleed.

All our Low-E valve offerings have passed applicable API low-emission testing without any design modifications and never leaking methane in excess of 100ppm during testing.

**Instrument Ball Valves**

**Instrument Needle Valves**

**General Utility Service Needle Valves**

**Severe Service Needle Valves**

**GB Series Full-Flow Ball Valves**

**Double Block and Bleed Valves**

**Multipurpose Ball Valves**

**Process Ball Valves**

**2-Valve Manifold**

**5-Valve Manifold**

**Trunnion Ball Valves**

**Bleed Valves**

## LEARN MORE

For additional support on integrating any of these Low-E products into your fluid systems or if you require Low-E certificates, get more information here: [www.swagelok.com/en/blog/fugitive-emissions](http://www.swagelok.com/en/blog/fugitive-emissions)

Setting the Standard for Automation™

Feed your inner genius...

**Join ISA today!**

- Indulge in the latest technical resources
- **Get substantial discounts on training**
- Advance your knowledge and competency

Membership in the ISA can give you opportunities to develop leadership skills and work with some of the best automation professionals in the field. You gain exposure to the best and latest in technology, to new ideas, and to inspiring people. Broaden your knowledge in automation and become a more valuable employee.

**isa.org**

# MEMBERSHIP BENEFITS AT A GLANCE

Access tabletop technology exhibits, subject matter experts, networking and leadership opportunities, and local employment opportunities through geographic sections

Online viewing of over 150 standards, recommended practices and technical reports

Discounts on training, publications, and event registration

Unlimited downloads of technical papers (more than 5,500 of them)

Online, pre-recorded web seminars on key topics and trends

Two technical division memberships

Participation in Leadership Development Certificate Program

Online networking via ISA's *LISTSERV*

Access to the member directory

Subscriptions to *InTech*, the premier magazine for automation professionals, and the *Automation Weekly* newsletter

Online access to *ISA Transactions*, which covers the latest advances in measurement and automation

Online resume posting on *ISA Jobs*

Online access to *ISA Insights*, monthly member newsletter

A wide range of personal privileges, from discounted auto and group insurance rates to savings on hotel room reservations. For a full list of personal privileges provided, as well as more details on ISA member benefits, visit [www.isa.org/memberbenefits](http://www.isa.org/memberbenefits)

## MONOFLANGE INSTRUMENT/ PROCESS VERSION

Due to its one-piece design, the model IVM monoflange can withstand high overpressures. It ensures a robust and compact mounting of the measuring instrument directly to the process flange.

### Products

Calibration Pressure Flow Temperature Force Level

Bourdon tube pressure gauge  
Model PG28

## HASTELLOY PRESSURE GAUGE

For pressure measurement in processes with highly aggressive media, WIKA has a new Bourdon tube pressure gauge in its portfolio.
